That's what friends do.

Don't worry about the bike, Kaz. I'm just glad you're OK.

Thanks! Look, I really need to get back to work. Sorry, guys. I'll see you later.

And thanks again, Rucklin.

When were you going to fix that engine?

Next *month*? Maybe, next *year*?

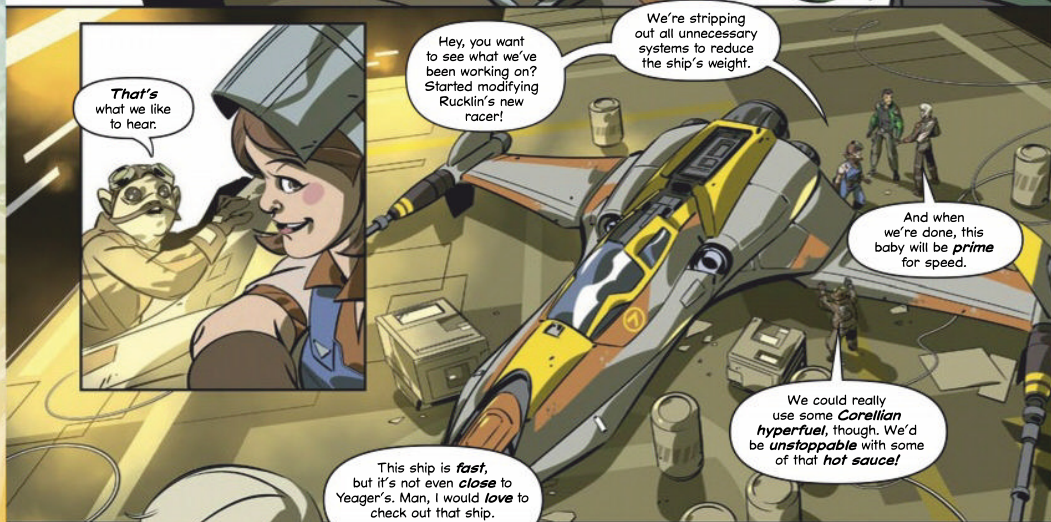

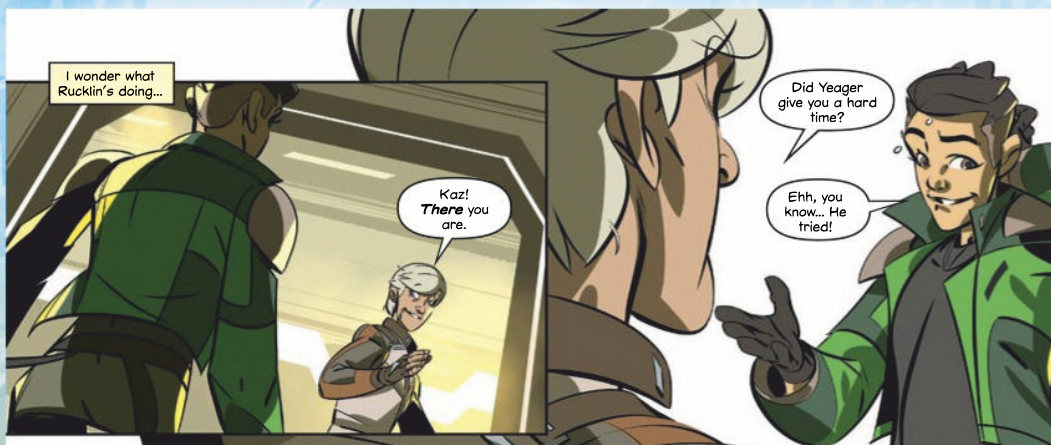

So I took a long break, Yeager. So *what*? I didn't think it would be a *problem*!

I told *Poe* I would take you in...

Don't make me regret that decision.

And stop acting like this is a *game*...

You know what, *forget* this...

We're just gonna *look*, right? There's no harm in *that*, I guess.

WARRRK?

WAK-WRRRK!

WAK-
WURRK-WAK!

All right,
the hangar's
got to be back
here...

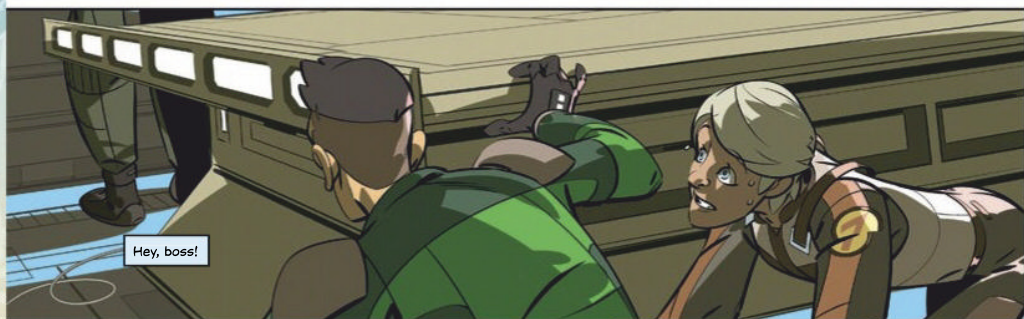

Yeager's
won *so many*
racing awards.

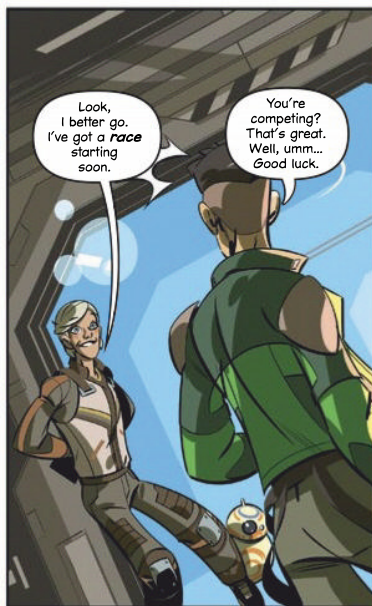

Wow! He
was in the
Rebellion,
too?

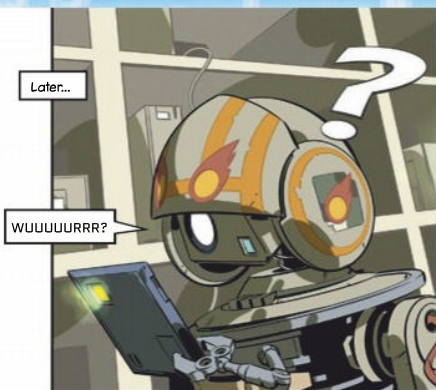

I didn't know
Yeager was at
the Battle
of Jakku.

It causes terminal blowouts! Yeager had a batch that he was safekeeping, but Bucket says someone *stole* it!

Rucklin!
Oh, no! He said there's a *race* starting soon...

If anyone tries to use that hyperfuel without knowing *how*...

Almost as unexpected as Yeager **not** kicking me out later!

You may not be the greatest mechanic...

And you're a questionable spy at best, but you're a **good person**, Kaz.

And that kid was **lucky** to have you as a friend.

Well, *that* was unexpected...

You can't **prove** I stole that hyperfuel, Kaz! It all would have been **fine** if you didn't interfere! Just **wait**...

This isn't over!

So, if I'm good at **anything**...

It's at being a **person**?

Well, I probably need to get better at being a **mechanic** too. If anyone finds out I'm **not**, then I'm not the only one who'll **suffer**.

Tam, Neeku, **everyone**. It's like Yeager said...

This mission isn't a **game**!

The end.
